

Alaska Resources for Seniors and Families

Alaska Legal Services Corp. – provides low cost or free legal services to low income seniors. Website also contains forms for powers of attorney. <https://alaskalawhelp.org/issues/life-planning>

907-272-9431

Medical-Legal Partnership

In addition to the services listed above, ALSC has partnered with AmeriCorps and tribal healthcare facilities across the state to create a network of Medical-Legal Partnerships (MLP). MLPs unite the medical community and legal community under a common mission. Together, they can address and prevent harmful social conditions for patients and for communities. Healthcare providers refer patients with civil legal problems to the MLP attorney located within the healthcare facility, who can assist eligible patients free of charge.

Operating MLPs include: SEARHC in Sitka
